

Daigle Farm CSA Program 2022 Season

Daigle Farm is offering another year of our fresh eats CSA program. CSA stands for Community Supported Agriculture and is a fun and creative way to get fresh food to the consumer. In your basic CSA program, you pay an upfront fee to receive a box of veggies on a weekly basis for about 8 weeks. This year Daigle Farm is doing something a little bit different. We are offering both a spring and a late summer/fall CSA program. Both run for a total of 8 weeks and will encompass crops that are ready and suited for the season. For example, our Spring CSA share will likely come with a root crop (Radish/Turnip/Carrot/Beet), some leafy greens (Romaine, Spinach, Harvest Blend), and a micro green, sprout, or a combination of the two. You may also get more than one root crop or more than one leafy green. The Summer/Fall CSA share will likely come with fruiting crops (Tomatoes/ Cucumbers/ Beans/ Corn/Eggplant/ Summer Squash) some leafy crops (Romaine, Swiss Chard, Spinach), and some form of root crop (Carrot, Turnips, Beets). We know that not everyone wants Radishes or not everyone will want Tomatoes on a weekly basis. Our goal with this new split CSA model is to appeal to more folks and their diets.

How it works:

Payments for your CSA share must be in by the first week in March of 2023. You will have the option to pick up your CSA box or get it delivered. If you opt for delivery, there is a slight price differential. Pick-up day will be Friday (May 19th 2023) on the farm at the on site Farm Stand. This is located in/outside of our new barn right next to the edge of the driveway. Pick-up times will be from 3:00 pm to 5:00 (if you need extra time or need to pick up beforehand we may be able to arrange something) That being said, the first delivery day will be either that same Friday (May 19th 2023) or that Thursday (May 18th, 2023) location depending.

Cost Breakdown:

Cost for the CSA is as follows: (runs for 8 weeks; includes 4 - 6 different types of veggies. You may receive more than this if the crops are lush and full)

Delivered each week = **\$300.00**

Pick-up on farm each week = **\$180.00**

This equates to a cost of \$22.50 per box (pick-up) or \$37.50 (delivered)

Other Info :

Daigle Farm offers a wide range of items. Most of which are produced or grown here on the farm. We do work with other farms to bring you what we call 'local gold' which are items such as Fresh Beef, Pub Cheeses/Ricotta, and Fruits. You may get Fruits in the Summer/Fall CSA share. If you ever want to add anything to your CSA share (delivery also) we can put it in your bag and send you a separate invoice.

This program is a first come, first serve with limited spaces. Payment plans are also available, so please do not hesitate to ask questions. If you have any food allergies or strong preferences,

please let us know. It's your continued support that keeps us Simply Growing Food! We appreciate your referrals and are looking forward to another awesome season with you here at Daigle Farm. If you have any more questions or would like to sign up you can email me at simplygrowingfood@gmail.com or call (860) 961-1640
